pallets

Stampati ad iniezione e realizzati in Polietilene Alta Densità (PEHD) per uso alimentare.

Materiale completamente riciclabile, di prima fusione garantito e certificato.

Facilmente lavabili ed inattaccabili dalla ruggine; insensibili a variazioni di peso a contatto con l'acqua.

Particolarmente resistenti ai raggi U.V. ed infrarossi, alle alte e basse temperature, agli acidi ed alcali.

Injection moulded in High Density Polyethylene (HDPE) for foodstuff.

Totally recyclable raw material, of first fusion with guarantee and certificate.

Easily washable without suffering from rust and any modification of weight put in contact with water.

Particularly resistant to U.V. and infrared rays, high and low temperatures, acids and alkalis.

Moulées par injection et fabriquées en Polyéthylène Haute Densité (PEHD) pour produits alimentaires.

Matériel complètement recyclable, de première fusion garanti et certifié.

Facilement nettoyables sans être endommagées par le rougis ni subir de variations de poids au contact avec l'eau.

Très résistantes aux U.V. et infrarouges, au vieillissement et aux agents atmosphériques, aux hautes et basses températures, aux acides et alcali.
